

# Ready, Set, READ!

Perfect Books for  
Emergent Readers  
Volume 1

*Includes Emergent Reader Blackline  
Masters for Colors and Numbers*

By The K-Crew, Inc.  
Bonnie Jackson and Shelley Vaughn

# Ready, Set, READ!

There are over 30 masters in this book, organized by unit of study. Each master is designed to be copied and stapled into a booklet. The masters formatted as half-sheets will need to be cut before assembling into booklets. Most of the booklets are "reader ready" but some are interactive requiring the use of stick puppets, coloring the illustrations, adding some samples, or illustrating a page.
